## OUR FINANCIAL POLICY

Thank you for choosing us as your health care providers. The following is a statement of our financial policy which we require that you read and sign prior to your office visit.

### Regarding Insurances:

- We must have a copy of your current insurance card. Therefore it is the responsibility of the patient to make sure you offer your insurance card to the Receptionist for copying upon each visit to the office.
- If you have an HMO plan with whom we have a contract, a proper referral from your Primary Care Physician is necessary for you to be seen. This referral must contain the diagnosis, number of visits allowed, and the expiration date of the referral. It is the patient's responsibility to keep track of the number of remaining referrals and expiration date. You may call our office at any time to verify this information prior to your visit. If you are seen without a valid referral, you will be responsible for the bill.
- If you have a co-pay on your card, you will be responsible for the payment of that co-pay on the day of your appointment.
- If you have a PPO plan with whom we have a contract, you will be responsible for the co-pay if listed on your card. **If you have not met your deductible, or if you have a co-insurance that remains after the insurance company has paid their portion, you will be billed for this balance and payment will be expected.**
- You are responsible for payment regardless of any insurance company's determination of usual and customary rates.
- You will be responsible for payment of services if your insurance has lapsed in coverage, or is not in effect at the time of service.

### Medicare Patients:

- Patients are responsible for meeting their annual deductible each year.
- Once the deductible has been met, patients without secondary insurance will be required to pay their 20% portion at the time of their visit.
- If you have secondary/supplementary insurance it is the responsibility of the patient to provide the Receptionist with a copy of that card.
- We will file with secondary/supplementary carriers. However, in the event that the secondary insurance does not pay, patients will be billed for the balance.

### Non Participating Insurances and Self-Pay Patients:

- If you have presented us with a health insurance card with which we do not participate, you will be expected to pay 100% of our billed amount at the time the services are rendered.
- Once payment is made by you, the claim will be submitted to your health insurance carrier on your behalf. Any reimbursement due you for out of network benefits should be sent directly to you. If your insurance company mails the payment to our office, a refund check will be sent to you in the amount paid by the insurance company.

### Partial Payments/Payment Plans:

- Partial payments will only be accepted if prior arrangements have been made.
